Other Expectations

Main St., Normal. The person responsible for managing the program (along with other relevant staff members or volunteers) should make the presentation.
- A representative of the organization and one or two participants of the program, if feasible, will be invited to speak at the summer meeting of Women to Women in **June 2022**.

- **Mid-November 2021** – Applicants notified of their status
- **December 9, 2021** – Oral presentations by finalists (details to be determined)

Grant funds will be distributed during the month of January 2022, upon receipt of the completed Grant Agreement from successful applicants.

We regret that not all projects can be funded. A denial should not be viewed as a negative reflection on an organization, but rather a reflection on the number of applications received and the amount of funding available.

Grant funds must be expended by **January 31, 2023**. A grant Final Report must be completed and submitted by **February 28, 2023**, or within one month of grant program completion, whichever is soonest. If extenuating circumstances prevent the completion of the grant within the specified period, Illinois Prairie Community Foundation must be notified as soon as these circumstances are known, but no later than one month before the deadline. We will try to accommodate reasonable requests for an extension.

The 2022 Final Report template will be available on our website at <https://ilprairiecf.org/resources-2>. Failure to submit a Final Report will result in grantee's ineligibility to be considered for future grants from Women to Women and Illinois Prairie Community Foundation.
